

New Quick Ship Expedite program for ICON3000 3 weeks lead – time

Quick Ship Expedite is the program specifically designed to supply selected **ICON3000 multiturn actuators** configurations in **3 weeks**.

The program officially started on **June 10th** for ICON3000 multiturn from 30 to 720 Nm (22 – 531 ft lb), sizes 010/020/030/040. A **wide range of power supplies** and **certifications** for explosion-proof and waterproof areas are available together with standard couplings, paintings and accessories.

Contact our sales offices at biffi.core@emerson.com or our outside sales representatives to submit your requirements and **evaluate eligibility** to the program.

Quicker than ever deliveries on our ICON selection.
